Biennial pattern recognition journal awards 2005 and 2006

The Editors-in-Chief of PATTERN RECOGNITION journal are pleased to announce the winners of the 2005 and 2006 awards. These Biennial Awards are made for the best papers published in the journal PATTERN RECOGNITION.

Certificates of Honorable mention are also awarded to outstanding papers. Manuscripts published in volumes 38 (year 2005) and 39 (year 2006) have been judged by the Editors-in-Chief and the members of the Editorial and Advisory Boards of the journal based on the following criteria:

- originality of the contribution,
- Presentation and exposition of the manuscript and
- citations by other researchers.

The winners are awarded a cash prize and bronze medal, shown below:

Winner of the best paper award for 2005:

Score normalization in multimodal biometric systems

Anil Jain, Karthik Nandakumar, Arun Ross

Pattern Recognition, vol. 38, pp. 2270–2285, December 2005

Honorable mention:

A bibliographical study of grammatical inference—Colin de la Higuera
Pattern Recognition, vol. 38, pp. 1332–1348, September 2005

Clustering of time series data—a survey

T. Warren Liao

Pattern Recognition, vol. 38, pp. 1857–1874, November 2005

Winner of the best paper award for 2006:

Prototype selection for dissimilarity-based classifiers

Elzbieta Pekalska, Robert P.W. Duin, Pavel PaclÁk

Pattern Recognition vol. 39, pp. 189–208, February 2006

Honorable mention:

Database, protocols and tools for evaluating score-level
fusion algorithms in biometric authentication

Norman Poh, Samy Bengio

Pattern Recognition vol. 39, pp. 223–233, February 2006

Face recognition from a single image per person: a survey

Xiaoyang Tan, Songcan Chen, Zhi-Hua Zhou, Fuyan Zhang

Pattern Recognition, vol. 39, pp. 1725–1745, September 2006
